## CASS COUNTY IOWA

The dates used in these records is: births to 1831, deaths to 1831, except where both husband and wife are found. In some cemeteries all graves marked were copied.

It is hoped that few errors will be found. The compiler has visited the different cemeteries several times, having traveled more than fifteen hundred miles at her own expense to get the records in this volume, and many hours checking against errors. The work involved is stupendous. Only love for the work and the hope that it will help someone in finding their ancestors helped her with this research.

The names in parenthesis were supplied by the compiler. Having lived in the community all her life she is quite familiar with the persons represented herein. The records were taken from Audubon and Pottawattamie counties for the reason that many Cass county pioneers are buried therein.

The researcher should look for all possible spellings of the name wanted - Schumaker, Sheumaker, Shomaker - even tombstone makers misspelled names.

Figures in parenthesis refer to pages in the Cass County History of 1884.\* Letters or figures underlined indicates that the compiler was unable to determine the letter or figure meant, - old stones are hard to read. Example: 1-16-1875 6 means Jan. 6 or 16, 1875.

Abbreviations used: ac - aged; b - born; d - died or daughter; wf - wife; utm or stick - undertaker's marker; --- end of lot; - - - lots unmarked; - end of lot; st.br. - stone broken; er - eroded; illeg. - illegible; ok - as on stone.

A few graves have no surname; these will be found on the last page of the index.

\* pages in Pottawattamie County History in parenthesis followed by the letter "P", as (251 P). There are two volumes of the Cass County History; the figure "2" is used to designate which volume, but perhaps not in all instances.

In the index the figure 2 is used to denote the number of times the name is found on that page, as John<sup>2</sup>.

## CASS COUNTY IOWA GRAVES

## OLD BURYING GROUND SOUTH AND EAST OF ANITA, IOWA.

This was the first cemetery in this locality; most of the graves have been removed to the Anita cemetery. The plot is in a field overgrown with shrubs and weeds. Many pits where bodies have been removed are to be seen. All of the tombstones are broken, some of them in pieces so as to be illegible.

These records were gathered by Mrs. Willis Miller, Mrs. William Nichols, and Mrs. J. A. Wagner, September 22, 1938.

## ATLANTIC CEMETERY

This cemetery is quite large and is located east of the city. The first burying ground near the town was located just south of town on the first hill south of LaVista Place. It has been abandoned long ago.

The records were copied from the markers by Myrtle Hardenbergh Miller in 1929, in 1934, and in 1939. Only graves to 1881 and old people born prior to 1830 were copied with the exception of the wives or husbands of the persons included.

## BOWEN CEMETERY

## AUDUBON COUNTY

This cemetery is located in Exira Township, Section 34, about two and one-half miles north and a little east of Benton No. 2 schoolhouse in Cass County. Hamlin's grove is east and south. Many graves are those of Cass County pioneers. See page tenth from this for list.

The cemetery is situated on a hill on the south side of the road. A number of trees are in the grounds. The graves are well taken care of. A kind of prairie grass about six inches high covers most of the ground. Many unmarked graves are to be found especially in the west section.

Veterans of the War of 1812, the Mexican War, the Civil War, and the World War are found here. This is an old cemetery. The oldest person buried here is Mary Hamlin who died in 1876 at the age of 100. Margaret Meek was born in 1774.

These records were taken from the tombstones by Myrtle Hardenbergh Miller in October 1929, and again in September 12, 1929, at which time all tombstones and markers were copied. The east section was copied first beginning with the north and working north and south across this side, the same plan being followed on the west side. A few exceptions were made to this method of working.

## FLINT CEMETERY WAVELAND TOWNSHIP POTTAWATTAMIE CO.

This old cemetery is located in Section 11, Waveland Township, two miles west and one quarter mile south of Griswold, Iowa. The plat is large and the old graves are all in the southeast part. It is well cared for. A few trees are in the grounds. It is situated on a hill on the east side of the road. The plat was laid out in 1865 but there are burials in 1857.

These records were first copied in 1929. Nov. 9, 1934 with Mrs. Lucile Hammer, again Oct. 25, 1939, and finally on Friday, November 10, 1939 at which time all tombstones were copied by Myrtle Hardenbergh Miller, (Mrs. Willis), Atlantic, Iowa. Mr. Scott Wilson who lives three miles southwest of the cemetery has the plot but the compiler could find no records other than those herein compiled. Stuart Burnham is the caretaker.

This cemetery is located in Section 35. The grounds adjoin the church, are fenced and well cared for, the stones all being in good condition. Evergreen trees surround the sides and two tall evergreens are inside the grounds as well as several shrubs. The records were copied from the tombstones by Myrtle Hardenbergh Miller on October 3, 1929 and again October 4, 1939. All stones and sticks were copied. They have been carefully checked. For additional deaths see the church records on another page. Those found in the church records are designated by a dot ".". The block and lot are given when known.

## GRISWOLD CEMETERY

## POTTAWATTAMIE COUNTY

This cemetery is located in Wright Township, about Section 1, one and one-half miles west of Griswold, Iowa. It is situated on a hill or series of hills, being very hilly. A few trees are in the grounds. The grounds slant southward and northward. They are well taken care of; all the stones are in good condition. There are a few board markers, with no names to identify them. A shed and a toilet are on the grounds. One mausoleum stands on the east side. The caretaker is Ray Grennell who lives northwest of the grounds. Footstones are on nearly all of the plots.

These records were copied from the tombstones in 1929 and on Nov. 9, 1934 with Mrs. Lucile Hammer, and again Nov. 13, 1939 at which time all the stones were copied, the work of copying being completed on Nov. 1939. The copying from the stones was done by Myrtle Hardenbergh Miller, Atlantic, Iowa, compiler.

The lots in this northeast part of the cemetery are on a rather narrow strip of ground; so that each lot is in a row by itself.

From the hill on which this cemetery stands can be seen the Flint cemetery, to the southwest. In 1929 the hills around here were heavily wooded but very few trees are to be seen now.

HIGHLAND CHURCH CEMETERY This cemetery is located in the churchyard of the Methodist Church in the Southeast  $\frac{1}{4}$  of the Southeast  $\frac{1}{4}$  of section, 2, Benton township. It is cared for much better than it was ten years ago. This ground was laid out in the summer of 1881. Every grave is recorded in this list. The records were copied from the tombstones by Mrs. Earl Holton of Anita in 1938, and were copied again from the stones September 12, 1939 by Myrtle Hardenbergh Miller. They have been carefully checked.

The recording began in the northwest corner and progressed north and south across the cemetery except in a few instances.

## IRANISTON CEMETERY

## CASS TOWNSHIP

This plot is located on the north line of Section 8 just south of Primary Road No. 6, on the Morgan farm. It is situated on a raise of ground in the field. Only two graves are to be found now, the stone of which are lying on the ground but are in perfect state of repair. They were made by Greenlund & Co., Des Moines, Iowa. This old burying ground will be a thing of the past unless something is done to preserve it. No fence surrounds it and no care is taken of the place. It was the early burial place for the settlements of Iraniston and Indiantown, which have long since passed away. The cemetery is north of the site of Iraniston and about two and one half miles west of the town of Lewis and just a little north.

Ferrell, Horatio N.	1857-10-25	age 57-8-6
Ferrell, Nelson	1856-8-5	17-8-13
son of H.N. & P.		
(252,529)		

Horatio Ferrell came to Indiantown late in 1854 and put in a small general store which he sold to Vincent M. Conrad. He had a wife and four children, the youngest died at Indiantown, the others were married.

## JUDD CEMETERY

## FRANKLIN TOWNSHIP

This burying ground is located in a field in Section 18 and 19, being used for burials in an early day. On the opening of the Jameson, or Wiota, cemetery, this place was abandoned. There were never many burials here. The plot is fenced but no care is taken of it. It is about one-quarter mile from the road in a field owned by Mrs. Judd. Only the four graves are to be found now.

The records were taken from the stones in 1929 by Mr. and Mrs. Willis Miller, Atlantic, Iowa.

History, p 802, says that the first burial was that of an infant child of William and Malinda Judd who died in the spring of 1855. William Judd settled upon land in section 18 in 1855, and it is this land upon which the burying ground lies.

## LEWIS CEMETERY

This cemetery is about one mile northeast of the town of Lewis. It is an old burying ground. The records were copied from the stones by Mrs. Myrtle Hardenbergh Miller, Atlantic, Iowa, in 1929, in 193 and lastly in December 1939 at which time all grave markers were copied. Beginning at the northwest end in the first section at the south end of the row and going north and south across:

## LOWMAN CEMETERY

## PLEASANT TOWNSHIP

This cemetery is located in Section 34, NE $\frac{1}{4}$  SW $\frac{1}{4}$ , in the church yard. It was laid out in 1870, the land being set apart for the purpose by John H. Lowman. The first burial was that of Ida Guess, daughter of Eli and Sarah, who was buried in January 1871. The cemetery is well cared for. The old church was destroyed by a cyclone a few years ago but has been rebuilt since. The following records were taken by Mrs. Willis Miller (Myrtle Hardenbergh Miller) in 1934. Not all copied.

In regard to the first burial I find that Morna M., daughter of J. H. and Lucinda Lowman, died Oct. 19, 1869, aged 3-5-2.

## MASSENA TOWN

A small cemetery one-fifth mile west of town. This plot receives very little care; grass and weeds are high except around some of the graves. About twenty evergreens four feet high are in the grounds. Many unmarked graves.

These records were copied from the markers by Mrs. Myrtle Hardenbergh Miller, Atlantic, Iowa, November 21, 1939. All markers were copied. An attempt was made to find the records but without success.

## PLEASANT TOWNSHIP CEMETERY

## PLEASANT TOWNSHIP

This cemetery is located about two miles south of Griswold on highway # 48, on the east side of the road. It is kept in good shape and has new settings of about fifty spruce trees. Eight larger evergreens are on the side, an old tree in the center and two or three shrubs. Beds of iris form an edging in front. The plot lies on a level strip of land, and is fenced. All the gravestones were copied and all of the undertaker's markers. This was done by Mrs. Willis Miller, Atlantic, Iowa, October 18, 1939.

Beginning at the entrance to the south gate in the Catholic section and working north and south:

## PYMOSA TOWNSHIP CEMETERY SECTION 22 LORAH

W $\frac{1}{2}$  NE $\frac{1}{4}$ 

Located one mile west and one mile south of Lorah, five miles northeast of Atlantic. The grounds are fenced; a row of small trees are on the south side of the fence. One shrub is in the center of the grounds. The cemetery receives no care. Stones are lying on the ground, broken, and some covered with dirt. Prairie grass stands high. Sunken graves and large depressions are to be found. This condition was the same in 1923 and is growing worse. The compiler had to dig up stones to uncover inscriptions. The records were copied from the stones by Myrtle Hardenbergh Miller, Atlantic, Iowa, in 1929. Again Oct. 26, 1934 assisted by Miss Anna Henderson; lastly Nov. 16, 1939, at which time all graves were copied that could be found, and carefully checked. The first burial was in 1854, the child of James Brinkerhoff. (see last page)

To reach this cemetery go north east on Olive Street road, or go on Highways #6 and #71 to Lorah, then west and south. This is a better road but four miles farther.

James Mayhew and James Brinkerhoff deeded an acre of land for this cemetery in 1856. The first burial was the daughter of James Brinkerhoff, who was removed from his place to the cemetery. The next burial was that of Charles Harris.

EDNA TOWNSHIP

This cemetery is located in the northwest quarter of section 21 in Edna township. It is well cared for. In it is a marker erected by the citizens of the township in honor of the pioneers of that place. Another stone is in memory of soldiers. The records were taken from the stones by Mrs. Willis Miller, Atlantic, Iowa, in 1929, and again on August 22, 1937. See page 5 for more data.

This is a very old cemetery; the oldest graves being on the slope of the hill to the east. It is located five miles south and one mile west of Cumberland; one-fifth mile east of the church, on a hill. It is nicely fenced. A number of evergreens, a toolhouse and a toilet are on the grounds. There are many tin slabs, old and new, and many unmarked graves. Two markers stand in the plot, a small one with the inscription "In memory of Our Soldiers, erected by the Reno Cemetery Association." A large marker of field stone on two bases, nine feet over all, cement base. A bronze plate 20"x20" has the inscription: "1846-1926. In memory of the Pioneers who traveled the Old Mormon Trail. Erected by the citizens of Edna Township, Cass County, Iowa." Outside the grounds is a wooden marker "Mormon Trail".

These records were copied from the markers by Myrtle Hardenbergh Miller, Atlantic, Iowa, in 1929, when just the old people were copied; on August 22, 1937, when dates to 1881 were copied; and November 21, 1939, when all markers were copied. Care has been taken to check the records.

## WAVELAND TOWNSHIP CEMETERY

## POTTAWATTAMIE COUNTY

This cemetery is located on a hill four miles south and about four miles west of Griswold, in Section 26. The lots are large and well built up, some of them are encased in cement. A number of evergreens are in the grounds. The headstones are in good condition, the old ones have been painted white making the inscriptions more easily read. The newer part is west of the drive and slopes west. O. D. Stone, Elliott, Iowa is the present caretaker. He lives a mile west of the cemetery.

The records were taken from the tombstones October 18, 1939, by Myrtle Hardenbergh Miller (Mrs. Willis Miller), Atlantic, Iowa, compiler of these records.

Beginning on the east side at the north and working south and north: the dashes - denote the separation of the lots. All markers copied.

WHIPPLE CEMETERY

WRIGHT TOWNSHIP

POTTAWATTAMIE COUNTY

Located on a hill about seven miles northwest of Griswold, Iowa; it is three miles south and west of Highway # 6, six miles west of Lewis. The grounds are well fenced, three large gates and two small ones make access to the grounds easy. A toolhouse and a toilet are on the grounds. About twenty five old evergreens and twenty new evergreens add to the beauty. The grounds are well-kept and all stones in good condition. Footstones are on all old graves.

These records were copied from the markers in 1929 and again Nov. 14, 1939 by Myrtle Hardenbergh Miller, Atlantic, Iowa. The compiler, Mrs. Miller, taught her first term of school at Whipple school when the house stood on a location on the east side of the road running north and south. The Methodist church stood across the road a little to the south. This was in the fall of 1900. Many of the names in this cemetery are familiar to her.

Beginning on the west side of the middle drive and working north and south: - is lot line -- is end of row.

This is an old cemetery and is sometimes called the Jameson cemetery. The first burial was in 1855, that of little Clara Jameson. It is about one and one-half miles southwest of Wiota. (301)

The records were copied by Myrtle Hardenbergh Miller in 1929; on Oct. 6, 1934 and Nov. 6, 1934. Again copied and carefully checked by her in December 1939. All graves marked taken.

Beginning at the northwest corner and going north and south to the drive; 1st row. utm is undertakers marker.
